P.O. Box 22

Galion, Ohio 44833

Make checks payable to "Galion Alumni Association"

PLEASE SEE THE BACK OF THIS PAGE FOR PROJECT LIST

Your membership information will not be used by any other organization and is considered confidential.

**There are many projects for which the Galion Alumni Association
needs your support and help.**

**The following are some of the options for a special donation to move these projects
forward. Each Galion graduate may have a different area of interest. We hope that you
will donate to the project of your choice.**

The New School Entryway Project

This project has an estimated cost of \$40,000. It will provide an electronic marquee at the entryway to the new school campus. These two signs will face Portland Way North, and provide a means to keep the public informed of the many school activities. Please donate to this great project. Donations over \$50 will receive special recognition for this project.

Your donation amount _____

The Adaptive Reuse Project for the current High School building

At this time, this project has a modest budget of \$2000. This amount will allow grant writing, research, and more development to take place. As the project moves ahead, this may well become a major project. Won't you help keep this project moving forward?

Your donation amount _____

Galion's 175th Birthday Celebration

Many activities are being planned, most will have corporate support; however, our planned reunion will take postage and planning. We have a rough budget of \$1000 for this event. Your help in any way will be appreciated.

Your donation amount _____

Weber Piano Debt Reduction

The magnificent Weber piano that has been at Galion High School since 1935 was completely restored, but we still have a note out to pay for this project. This urgent project needs your help. While the Alumni Association did not start this project, we feel that it is an obligation that needs met. Please help us retire this \$13,000 debt.

Your donation amount _____

Galion High School Recognition Breakfast

Three times each academic year, the Alumni Association provides a recognition breakfast for those high school students that make the honor role. This project costs roughly \$1000 each year.

Your donation amount _____

Choose any, all, or none of these great projects and enclose your check with your membership and mail this back today. Without the support of generous graduates, these projects will not happen. Thank you in advance for your support.
