

Your GHS Class Activities

Contributed by Stephen L Melchior
Monday, 07 August 2006

Navigate to your Class Home Page:Â To find your class home page, use the menu located under the main menu above to select the decade. Â This will open a menu to the right listing the class years. Â Click on your class year and you will be taken to that home menu page.

Reunion Activity Announcements: This is a good place to find your Class Contact member to register your address changes - both email and street addresses. Finding lost classmates is a major problem at reunion time. Those of you coming directly to this page might want to check out our home page. We update frequently.

Class Contact: We need to have one of your classmate's name and email address and/or phone number to post here. If you are a Class leader you can sign-up for an account and post reunion information under your class.

Reunion Photo Names: Recent reunion photos have been donated to this website by Photorama Photography of Galion. To make these pages as informative as possible, we would appreciate classmates submitting a list of names of those included in the photo. It would help if all lists were formatted from left to right and each row labled. These lists can be submitted by Email to Steve Melchior, slm6395@brightchoice.net. You may contact me about becoming directly involved in news postings to your class pages. The Alumni Association will appreciate any alumni participation.
