Carol Kable to Write About Old GHS

Carol Kable is preparing an article for publication in a statewide newspaper/gazette and would like to use comments from students who attended the old Galion High School. She is inviting alumni or staff to send any positive memories or feelings about the old Galion High School to her for consideration for inclusion in the article. If you have a comment that you would like to contribute, please send it to Carol at cjkable@localnet.com or call her at 419-468-2944.
