

Why would I want to be registered?

Contributed by
Thursday, 01 March 2007

Once you become a registered user, a new menu will be available to you.Â This menu will allow a registered user to visit the profiles of other registered users.Â Registered users can contact other registered users by Email through the Alumni website.Â You may go to your profile and add a photoÂ or icon to your user image.Â you can add acceptable photos under your profile which other registered users can view.Â Registering with this website provides a means for reunionÂ committees to contactÂ registered class members if they so desire.Â Â There is no cost to register and we do not release your information to others.Â
