Attention Entryway DonorsFinal List and Layout 3/25/2008To finalize the donor plaque for the new Galion City School Entryway, we are publishing the donor listing as it would be placed on the plaque. This is a PDF document and not a representation of the plaque as it would appear on the entryway. The purpose of posting this list is to allow donors to review the list and correct any errors. Some changes to original requests were made to provide some standardization and enable a reasonable layout. Please review the document and contact us concerning any discrepancies. The plaque name list has been sent to the designer and the list as shown is considered the final version. [View List Here](#) [View proposed layout](#) Layout not actual size. Plaque dimensions to be 48" x 32"
